PEORIA COUNTY

1837-----1863

In an early day death notices were not published in newspapers, as they are today, unless the article was paid for, or unless the family were of some importance.

The fact that so few lived in the vicinity, and that all knew each other, a death notice was not considered a news item of any importance, to the paper, or to the community.

The United States Works Progress Administration worked on an index of the old newspapers of Peoria County, for the years of 1837 to 1863. Then work was stopped.

The Peoria County records were started in 1875, which leaves a gap from March 1843, to 1875, not covered, to date.

The following records were taken from newspaper items. No doubt, this is not a complete list of the deaths in Peoria County, but it is the only source from which any old death records could be collected, and will give, at least, this many of the records of the pioneers of the community, which would otherwise be lost.

The records of deaths that are given, were taken from the following newspaper items in Peoria County, Peoria, Illinois:

Peoria Register and North Western Gazetteer
Peoria Democratic Press
Peoria Tri-Weekly Press
Peoria Daily Democratic Press
Peoria Daily Democratic Union
Peoria Daily Morning News
Peoria Daily Times
Daily Democratic Union

PREFACE

The name of the person dead is given first.

Next the age, or any other information given in the article.

The first date is the date of death, if given, and the second is the date the item appeared in the newspaper.

1837

Genealogist Compiles List Of Early Deaths In Peoria

By H. E. PRESNELL

(Journal-Transcript Staff Writer)

Mrs. Frank J. Sherman, 518 Hamilton Boulevard, employed in the Art department of the Peoria Public library, has compiled in book form a record of the deaths of Peoria and Peoria county for the years 1837 to 1863, a period during which no official record of deaths was kept. A copy of this record has been made available to the readers of the library. The book contains 65 pages, photostatic copies of typewritten sheets, with index of 15 pages.

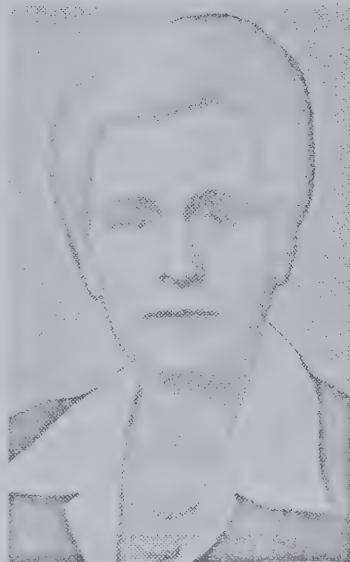

This record of deaths was gathered from the files of newspapers published during that period, copies of which are to be found in the library. Given are the date of death, age and the date the article appeared in the newspaper.

In the early days of Peoria and Peoria county, in fact, most everywhere else, death notices were not published in newspapers, as they are today, unless the article was paid for, or unless the person who died was a member of a prominent family. The obituary notice, when printed, frequently appeared weeks or months after the death had occurred.

Mrs. Sherman said, "The early newspaper items provided the only source from which any death records could be found, and while not complete, furnish the only record of many pioneers of the community, which otherwise would be lost."

Mrs. Sherman also published the "History and Genealogy of the Davis Family" in 1944. This is a record of a pioneer family of Coles county, Ill., tracing hundreds of descendants. With aid of an aunt, Mrs. Harry McPheron, the research work covered 20 years. Peoria library has a copy as also do most leading libraries in the United States.

The publisher was born at Charleston, Ill., the daughter of William B. and Maggie E. Watson. She is the wife of Frank J. Sherman, credit man at Armour & Co., plant. She attended Eastern Illinois Teachers' College and graduated from LaSalle Extension university in accounting.
